

# Image is everything!

Photos that are **exciting** and **dynamic** with **personality** are an absolute necessity in today's entertainment market. Snapshots look cheap...and even a professionally shot "portrait" lacks enthusiasm. The average photographer doesn't know how to capture an energetic promotional photo ... **but I do!**

My name is Michael Messing. Many of you know me as a full-time magician, specializing in family shows. But you may not know that I've also been a professional photographer for more than 30 years. That combination makes photographing entertainers my specialty because I know how to capture your style and uniqueness.

At this year's Kidabra, I'll have a **complete professional studio** set up ready to work with you to make some great photos happen. **Everyone needs great photos, so I have four packages to fit anyone's budget:**

- **The Get A Head Session** – The headshot you absolutely need for only \$25! **That's right - only \$25!**
- **The Step Up Session** – Here's the best offer I've ever made! You get a headshot and two poses of your choice for **only \$79.**
- **The Keeping Busy Session** – You're busy. You need more than just a couple of photos to show what you offer so this session will get you a variety of images. It lasts 30 minutes and you'll get 10–12 photos, all for **\$199.**
- **The Complete Working Professional Session** – This session will give you as many poses and costumes as we can fit into a one-hour session. Get photos for all your Library, Halloween, Christmas, Easter, birthday party and school shows! **This session also includes creative consultant, Tom Vorjohan, who will be there to help you get the best look possible.** This session is an unbelievable bargain at **\$279 for everything!**

All sessions include you receiving full resolution digital images of the best of each pose fully retouched so you look your best. (That includes removing blemishes, whitening teeth and eyes and reducing wrinkles, if needed.)

I've had the pleasure of photographing many performers, including Brad Ross, David Farr, Robert Bengel, Rich Bloch, Mark Wurst, Tim Mannix, D.J. Ehlert, Roger "Skip" Way, Don Baggett, The Balloon Guys and Louis Meyer. Here's what their sessions produced: [See Galleries](#) (Click on each thumbnail photo to open up the full gallery for each performer.)

As the number of available sessions is extremely limited, I urge to prebook a session.
